Crazam is the number 1 study app for students sitting the Junior Cycle & Leaving Certificate State Exams, created by The Dublin Academy of Education. Based on feedback from our students, we have designed this app to make studying more efficient. Find past papers by searching keywords and see where the marks were awarded. Create custom papers to help you revise. Study over 10,000 H1 written and video H1 solutions, created by our team of expert State Examiners. Whatever stage of your study you are at, you can do it instantly with the power of Crazam in your pocket.

We are looking for experienced, talented teachers to help us create even more H1 video & written solutions for the thousands of students who use Crazam every day. We currently have positions available for the following subjects:
